The Classified Ads Are Busy Today With Tasks of Service

They are working-and accomplishing things.

Are they working for you? Are they carrying the message of what you have to sell, what you want to buy? Are they "looking for a job" for YOU?

Give them A TASK TO DO FOR YOU. It need not be an easy task. The little ads carry pretty big loads, sometimes." They are FOR YOUR SERVICE. Are you employing them?

Your credit is good with The Herald Want Ad Department if you have a telephone IN YOUR NAME.

> Phone Main 3300 -The Want Ad Man.

Col. Anton Stephan, formerly an officer in the District National Guard, has been placed in command of the 163d Infantry, one of the finest regiments in the overseas forces. The command is one of the most important

By P. L. CROSBY

BTFOOT—On July 6, 1918, LILLIE beloved wife of Joseph Lightot, in the s7th year of her age. seral from the residence of her sighter, 48 Tennessee avenue rfheast, today at 2:30 p.m. Inrment in Glenwood Cemetery. SERVES WELL

War Body Under Bedford

organized under the so-called nawe entered into the war, one only has been retained. That is the National Petroleum War Service Committee. It may be that the service which this committee has given has not at-Nevertheless this committee has been of inestimable service to the govern-ment, because the procuring of an adequate supply of oil, and some of building and apparatus for aircraft

construction.

The chairman of this committee, A.

C. Bedford, who for some years was
president of the Standard Oil Company of New Jersey, and who resigned that office so that he might
accept the chairmanship of the board,
is now regarded by the government is now regarded by the government as especially qualified for the service which the Petroleum War Service Committee has accomplished, and is still to perform while the war lasts. Recognized as Master.

Mr. Bedford gained recognition come years ago as one of the leaders of great American industries He was a master of everything that pertained to oil production and the utilization of crude oil for the various commercial products. It was partly under his leadership that at least 10 per cent of all the crude oil that flows from the wells was so

Weather Bureau, in regard to the Service Committee than he perfected Mr. Abbe stated last fight that the in war service. In war service, as action of Secretary Houston was not man of this committee have absorbonly a complete surprise, but that ed almost all of his time. Upon he has been unable to discover any him and his committee the government. ment relies in great measure for

wards the heavy demands made by the government for oil, and the grad-the He caused the refiners engerly to seek tain abundant supplies of oil for re-fining purposes. This inevitably led to competition and the heavy demand was followed by increase in price.

Now under the leadership of Mr. Bedford this has been in great meas-Bedford this has been in great measure changed and soon will be completely changed and it is another illustration of the new relations which industries bear to one another which is traceable to the exigencies of the war, that instead of competition, sometimes intense, now under Mr. Bedford's leadership there are cooperation, co-ordination and agreement respecting prices. Understandings of this kind would before the war and even now undoubtedly under a strict interpretation of the Sherman war and even now undoubtedly under a strict interpretation of the Sherman law, be declared by the courts if appeal were made to them to be in violation of law.

But the government is compelled

not only to permit but to authorize even to command, such action in makes co-operation, co-ordination ar common agreement respecting produc-tion and prices as complete as possi-

At John D. Rockefeller's Tuble. It is one of the dramatic incidents, of which the war has furnished many, that at the table at the head of which formerly sat John D. Rockefeller or his personal representative and around which were gathered the subordinate executive officers who met to discuss policies and methods having in view doubtless the su-Given Oversea Command

Col. Anton Stephan, formerly an more in the District National Guard, as been placed in command of the many stephan as been placed in command of the many stephan as been placed in command of the many stephanes of the United States, big and the chair at the right hand the rig little. In the chair at the right hand of the one in which Mr. Bedford sits as chairman of the Petroleum War as chairman of the Petroleum War Service Committee, a representative of the government sits. The discussions that take place at this weekly meeting are centered upon the best methods of maintaining and increating oil production and also of bringing about perfect co-operation and the establishment of standard price allike to all, between the various oil-producing interesta.

Recently Mr. Bedford, in the course of a discussion in which this com-

of a discussion in which this com-mittee shared, stated that today and until the war ends the chief, and in fct the only, purpose which should control the committee is one which will enable the government to have the use of the highest resources in oil. Formerly there were competitive methods depending upon the highest efficiency, the test economy and wellperfected distribution systems where by certain oil producers could main-tain supremacy over other producers Sometimes this resulted in unfor-Sometimes this resulted in unfortunate experiences for the smaller
and weaker producers. All this according to Mr. Bedford is now
changed. There must be no difference
between the big and the smal producers occasioned by competition.
There must be no competition. Fair
prices will be established for those
who market oil, but the prices will
be the same in every case. In this
way the government can be best
aided. And in this way more and
more production and better stabilization of it and the prices can be attion of it and the prices can be at There must have been some who

MADE STRAIGHT SOFT. LONG, SILKY HEROLIN

sat around that table and heard these words who recalled earlier days when in that room and at that table there were earnest discussions carried on by some of the ablest men in the oil industry which had for their purpose agreement upon the best methods with respect to efficiency, economy of distribution and prices, whereby competition could be maintained against other oil producers.

Now this is all changed. The room at 26 Broadway is a center of dis-

Now this is all changed. The room at 28 Broadway is a center of discussions which have for their purpose co-operation, effective combination, stabilizing and equalizing prices and the delivery to the government of as large an amount of oil as can be coaxed from beneath the soil. It is leadership of this kind which the chairman of the board of which the chairman of the board of the Standard Oil Company of New Jersey is now demonstrating while serving as chairman of the National etroleum War Service Committe

JEWELRY MAKING CALLED ESSENTIAL

Rochester, N. Y., July 7.—The idea that jewelry should be tabooed as a commodity not essential in wartime is attacked by Edward H. Hufnagle, of Mount Vernon, presi-

Hufnagle, of Mount Vernon, president of the New York State Retail Jewelers' Association.
"Today the great esentials are food and amunition," he says. "When the war ceases some of the present the war ceases some of the presentials and we shall depend upon the so-called luxuries for our commerce and sources of revenue. If our is and sources of revenue. If our in-dustry intensified its effort to aid eign trade, thereby employing labor which could not otherwise be made useful and productive, we shall be turning the present non-essentials into productive channels and contributing greatly to the country's

Didn't Like German Name.

New Martinsville, July 7.-The citisees martinsville, July 7.—The citi-sens of German Ridge could stand it no longer. The name of the section has been changed to American Ridge. A colony of Germans settled there, prospered and became loyal American citizens.
